Advanced Neuroscience Courses

For investigators
of all academic levels

May 3-10, 2025
**ORGANOIDS AND NEURAL
REPROGRAMMING FOR
DISEASE MODELING**
Director: **Marius Wernig** (USA)

May 10-17, 2025
**INTEROCEPTION AND BRAIN
DISORDERS**
Director: **Sarah Garfinkel** (UK)

May 31 - June 7, 2025
NEUROPHOTONICS
Director: **Mark Schnitzer** (USA)

May 31 - June 7, 2025
OBESITY AND THE BRAIN
Director: **Tamas Horvath** (USA)

San Servolo
The Island for Science and Art in Venice, Italy

September 6-13, 2025
**FUNCTIONAL GENOMICS AND
NEUROGENETICS**
Director: **Daniel Geschwind** (USA)

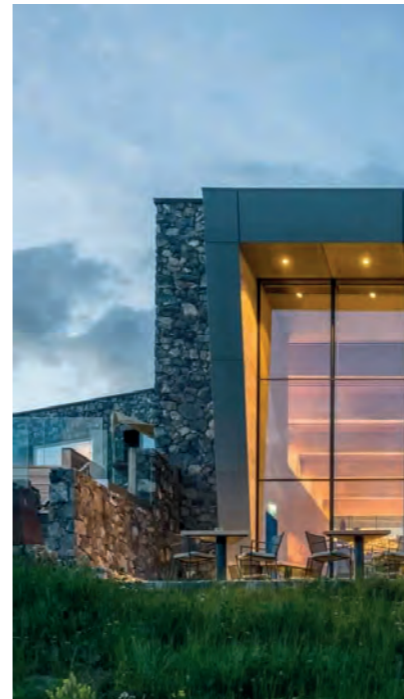

September 13-20, 2025
NEURAL CIRCUIT DYNAMICS
Director: **Gyorgy Buzsaki** (USA)

September 27 - October 4, 2025
**NEUROINFLAMMATION AND
NEURODEGENERATION**
Director: **Soyon Hong** (UK)

September 27 - October 4, 2025
**BRAIN PLASTICITY:
The Neural Basis of Individuality**
Director: **Ulman Lindenberger** (D)

The Challenge Workshops

For experienced
investigators only

June 9-13, 2025
ADULT NEUROGENESIS
Director: **Gerd Kempermann** (D)

June 15-19, 2025
**CORTICAL DYNAMICS AFTER
BRAIN INJURY**
Director: **Marcello Massimini** (Italy)

June 22-26, 2025
**HUNTINGTON'S DISEASE:
Mechanisms and Next-Generation
Therapeutics**
Director: **Sarah Tabrizi** (UK)

October 21-25, 2025
NON-INVASIVE BRAIN STIMULATION
Director: **Nolan Williams** (USA)

Chetzeron
Design Venue at 2100m in Crans-Montana, Switzerland

THE NEUROSCIENCE SUMMIT SHAPING THE FUTURE OF NEUROSCIENCE

August 31 - September 4, 2025

The annual forum in the Swiss Alps designed to mobilize a select group of thoughtleaders and scholars across areas of neuroscience with the goal of charting a path for engaging global neuroscience leadership in future trends on a broad scale.

The Neuroscience School of Advanced Studies
